MESSAGE FROM THE PRESIDENT

The end of the year is a time for reflection, and as I look back on 2023, one thing is certain – there is a great deal to reflect upon. To use a phrase from childhood, I think we can sum-up the Foundation’s year with the “Three Rs” – Reaction, Resources and REALTORS®.

Reaction

Mother Nature left her mark on 2023. Twenty-five disasters, 22 associations requesting assistance, and \$8.36 million in grants awarded to support disaster relief efforts – all records. Yet, while these are records we all wish did not happen, your REALTORS® Relief Foundation was there to answer the call – every time.

This year, we created a new mantra that we call “Speed to the Need.” With a tip of the hat to RRF Immediate Past President Mike Ford, we created the term to quickly describe what the REALTORS® Relief Foundation is all about. Your RRF is designed to get assistance to families quickly following disasters; often long before insurance or government funds. This means that families have some level of financial support when they need it most – to address immediate repairs, pay for temporary housing, or cover mortgage payments that continue despite the disaster. How do we achieve this?

- RRF works with our state and local association partners to address the need quickly. REALTORS® know the community better than anyone, and the associations can quickly identify where the need is, how many homes have been impacted, and how much support is needed.
- The RRF Board of Directors has committed to being available on short notice to address disaster relief requests and make determinations quickly.
- The RRF team works closely with our association partners to get the word out to the community, process individual requests, and get checks into the hands of victims

Resources

The REALTORS® Relief Foundation can only exist through the ongoing support of state and local associations, individual donors, and corporate partners. Our REALTOR® family provides the financial fuel that drives RRF and the resources needed to respond quickly when disasters strike.

Every penny counts to families in need. That is why RRF commits **100% of every dollar contributed** to support disaster relief efforts. We remain grateful to the National Association of REALTORS® for covering all RRF operating costs so that we can keep this commitment to our donors.

REALTORS®

As REALTORS®, YOU are the magic that makes it all happen. Even more amazing, you do it in so many ways:

- State and local associations serve as a “network” that know the communities and can distribute grant funding quickly while working hands-on in communities to help families recover and rebuild.
- Volunteers from the REALTOR® community serve in many capacities to help RRF expand its outreach. From serving on the board, campaign committee or advisory council, to speaking at regional and state conferences, representing RRF at industry meetings, and serving as spokespeople throughout NAR, it is REALTORS® who make a difference.
- Your financial support helps RRF remain ready to be there when called upon. Since RRF is committed to getting grant funds to the community quickly, your donations are essential to replenishing grant funding so we can continue to say “yes” when disasters strike.

I am proud and honored to serve as your 2023-2024 president of the REALTORS® Relief Foundation. RRF gives me an opportunity to witness REALTORS® at their very best during the most difficult times. Our REALTOR® family really shines in the darkest hours!

However, there continues to be much to do, and we will not stop as long as there is a need. If you supported RRF as a donor or volunteer this past year, THANK YOU! If you were unable to, I invite you to join us. Together, we can continue to provide hope and assistance to our communities when they need it most. Thank you for making 2023 a truly special year.

With Much Gratitude,

Michael C. McGrew

2023 ANNUAL CAMPAIGN

Never doubt that a small group of thoughtful, committed, organized citizens can change the world; indeed, it's the only thing that ever has.

— MARGARET MEAD

Providing hope and impacting lives requires individuals and organizations who understand that creating change requires action. It comes from the knowledge that people impacted by disasters are our family, friends and neighbors. On behalf of all those who were helped in 2023, thank you to all of you who took action. The value of hope is never fully realized until it is lost. Thanks to your generosity, RRF was able to provide ample doses of hope throughout 2023.

Thank you to all our contributors!
